

# I Love You Forever

## Verse 1

24 hours is just too short  
I'll stop the time when you're by my side  
fill me with your love, promise me boy  
don't want your lies, let me hear the truth

## Pre-chorus

cause I see the future in your eyes  
I feel I've known you for so long  
you hold me never let me go  
you're the one, I'll love forever

## Chorus

Baby baby, don't let me down  
no I won't let you slip away  
I'll show you what a true love is  
I love you forever

Baby baby, I play no game  
there is nothing I keep from you  
I'll find you in thousand lifetimes  
I love you forever

(music)

## Pre-chorus

cause I see the future in your eyes  
I feel I've known you for so long  
you hold me never let me go  
you're the one, I'll love forever

## Chorus

Baby baby, don't let me down  
no I won't let you slip away  
I'll show you what a true love is  
I love you forever

Baby baby, I play no game  
there is nothing I keep from you  
I'll find you in thousand lifetimes  
I love you forever

## Bridge

I see you as you are  
don't change a thing  
You see me as I am  
unconditional

This is all I've ever wanted  
This is all I've ever dreamed of

Chorus

Baby baby, don't let me down  
no I won't let you slip away  
I'll show you what a true love is  
I love you forever

Baby baby, I play no game  
there is nothing I keep from you  
I'll find you in thousand lifetimes  
I love you forever
