

Love And You Will Live

by Dylan Tauber

Vocals by Vlad

Verse 1:

Lost in the dark, feeling all alone
Wandering through life with nowhere to go
Then I met you, my guiding light
Showing me the way, making everything right

Pre-chorus:

Every moment with you feels like a dream
My heart beats faster with every beat
You've opened up a whole new world to me
And I know that I'll never be alone

Chorus:

Love and you will live
It's the way to survive
With you by my side
I know I'll be alright
Love and you will live
It's the key to happiness
I'll never let you go
You are my foreverness

Verse 2:

You light up my world like the stars in the sky
With you by my side, I can touch the sky
There's nothing we can't do, nowhere we can't go
Together, we can conquer it all

Pre-chorus:

Every moment with you feels like a dream
My heart beats faster with every beat
You've opened up a whole new world to me
And I know that I'll never be alone

Chorus:

Love and you will live
It's the way to survive
With you by my side
I know I'll be alright
Love and you will live
It's the key to happiness
I'll never let you go
You are my foreverness

Bridge:

I never knew that love could feel this way
But with you, I'm never afraid
I'll hold on to you, never let you go
Together we'll face anything, I know

Chorus:

Love and you will live
It's the way to survive
With you by my side
I know I'll be alright
Love and you will live
It's the key to happiness
I'll never let you go
You are my foreverness.
