

## Spirit Guides

By Dylan Tauber

Vocals by Daisy

Verse 1:

In the shadows, they stand by my side  
Guiding me through the dark and the light  
With wisdom and grace, they show me the way  
Their love and support, brighten up my day

Chorus:

Spirit Guides, they never leave my side  
They lift me up, they make everything right  
Through thick and thin, they help me to see  
That I'm never alone, they're always with me

Verse 2:

In moments of doubt, they help me to cope  
With the trials of life, they give me hope  
With their gentle touch, they calm my mind  
Their words of encouragement, always so kind

Chorus:

Spirit Guides, they never leave my side  
They lift me up, they make everything right  
Through thick and thin, they help me to see  
That I'm never alone, they're always with me

Bridge:

I listen to their whispers in the night  
They help me to find my way with might  
I trust in their guidance, I won't lose my way  
With them by my side, I'll face each day

Chorus:

Spirit Guides, they never leave my side  
They lift me up, they make everything right  
Through thick and thin, they help me to see  
That I'm never alone, they're always with me

Outro:

Spirit Guides, I'm grateful for you  
With your love and support, I'll make it through  
You guide me with grace, through life's endless sea  
I'll always be grateful, for you and me.
