

## **“Hold My Hand” Lyrics.**

Music by Dylan Tauber. Vocals and lyrics by Mona Roselianne.

### Verse 1

My mind cannot think straight  
after the day  
you came into my life

Something told me it's you  
the missing piece  
I have been looking for

I'll never be the same  
ever since you're around  
I've been waiting for you  
deep down I know it's real

I don't really know you  
let me see all of you

### Pre-chorus

Boy come closer, I need to see all your flaws  
Someday I know, you will tell me things I wanna hear

### Chorus

You are all I want, my dreams come true  
You'll never be alone, I'm here to stay  
You are the best thing, I need no clue  
Hold my hand, don't you let me go

You are all I want, my dreams come true  
You'll never be alone, I'm here to stay  
You are the best thing, I need no clue  
Hold my hand, don't you let me go

### Verse 2

I know that you're afraid  
to let me in  
open the door for me

I have my own stories  
deep in my heart  
I'll leave it all behind

Believe in what I feel  
You're different from the rest  
Made too many mistakes

Better get this right

Pre-chorus

Boy come closer, I need to see all your flaws  
Someday I know, you will tell me things I wanna hear

Chorus

You are all I want, my dreams come true  
You'll never be alone, I'm here to stay  
You are the best thing, I need no clue  
Hold my hand, don't you let me go

You are all I want, my dreams come true  
You'll never be alone, I'm here to stay  
You are the best thing, I need no clue  
Hold my hand, don't you let me go
